

01. "Into Tomorrow"

New day is always given you
love is growing in each gutter

Found if you cut your eyes
now take it all into tomorrow

儂く揺れる
漣記憶

天つ御空 深く
新た海旅立ち出づる

念い遙か
雲居岬
時代終わり
未代始まり

Today's day
Today is to day

02. "Scar of the Night"

The moon, the scar of the night
lighting a dark sky
The tide is high to ride
ride on your blur eyes

Galaxies all return tonight
My axis is falling around around
soon will be stars in your eyes
hiding in the back of the night

月夜今宵 夜空に傷
薄墨色 霧雲舞う

こだまする 風音
流星 巡る fly around
幾千の星屑
螺旋に廻る fly around

Galaxies all return tonight
My axis is falling around around
soon we'll be stars in your eyes
hiding in the back of the night

03. "Café Vista"

Here, you are almost standing there
Just like my café vista, through the frame

It let me to see the view of youth
We used to destroy the night, drive in flame

Gentle wind caresses
Over the sandy hill
One moment rewind in your arms
Life goes on and on

道が現れる Steam
幻の陽 側にたつ
君の街が今 綿放つ
Those endless nights, bottomlessness

Gentle wind caresses
丘を越えてゆく
One moment rewind in your arms
辿り着いた pure feel

世界地図から転げ落ちそうな 夕暮れ迫るcafé vista 手探りの
螺旋階段回って踊りだした 君と伸びる影 飛ぶ遊覧船

To where? Let us rise like a sunrise?
To where? Let us fly to atomize?

04. "Heavenly Wash"

Sandy feet is singing
with a rhyme of swell
Forgotten memories
are breaking on the shore

Fragmented dreams
are floating on
upsurge of the vast blue sea

波打ち寄せる 昂まるリズム
砂浜駆ける 裸足 夏の陽
浮かんでいる 夢の欠片
潮満ちる

Pure as your hair, running on the sand
Thirsty to drink, waves vibrate along
Pure as your skin, running on the sand
We are floating up in azure

勿忘草色
心の奥 溶けていく
弾ける砂 浴びて
光の輪 願う永遠

05. "Ray of the Sun"

落つ 桜雫に 立ち尽くし いざ濡れん
君立つ先 光射し ふた別れ道

微か 陽炎のよう 陽気にはしゃぎ 過ぎ
おもい綴り 蒼き日々 光射し いま胸に

ひらり見た夢 浮かぶ空 in the ray of the sun
流るる雲 吐息ひと息 so bright we shine

桜雫に 儂く艶めいた
たれしりうるや 黒髪に 滲みだす 記憶花びら

ひらり見た夢 浮かぶ空 in the ray of the sun
流るる雲 吐息ひと息 so bright we shine

ray of the sun, ray of the sun...

(ENGLISH TRANSLATION)
I stood there under falling sakura drops, here let's get wet
The sun shines where you are going, a fork in the road

in the ray of the sun
a glimpse of a dream, floated sky, in the ray of the sun
so bright we shine
flowing clouds, sigh breath, so bright we shine

in sakura drops, ephemerally glossy
who knows, bleeding into black hair, memory petals

in the ray of the sun
a glimpse of a dream, floated sky, in the ray of the sun
-so bright we shine
flowing clouds, sigh breath, so bright we shine

06. "Nectar"

Sweet elder flower
carry scenting from its short time of life
Life is too short to waste
Life is too short to escape
They will be gone

花蜜 麗わし
匂い仄か 甘く
小春風
いのち香し
とき一睡

So.. dancing underneath the summer sun
rising high
So.. dancing underneath the harvest moon
time will soon be gone

水うつろう
括り染まる 花卉
なごり色
心染めし
とき一醉

So.. dancing underneath the cherry tree
we belong
So.. dancing underneath the northern lights
time will soon be gone

07. "Over the lines"

She knows that she must open the sky with her hand
closing her eyes - a guitar guitar is all she hears

There's a crying wind it blows in the ear
There are howling wolves peeling their fangs
How we sway in a breathlessness
Who cuts a map with many lines?

Oh, the one world we are crossed to live our lives in
Can we make it peace and love?
Oh, the one world we are crossed to live our lives in
Can we make it one, make it all together?

She holds that the last hope in a shelled town
closing her eyes - a guitar guitar is all she hears

There are rapacious squeeze and sweat
There are howling wolves peeling their fangs
How we sway in breathlessness
Who wants a map with many lines?

Oh, the one world we are crossed to live our lives in
Can we make it peace and love?
Oh, the one world we are crossed to live our lives in
Can we make it one, make it all together?

08. "U water"

Toasted in the entire sonic owe wave
Time and space is falling out

Soaking in the rest of the world, well
Vibrate in sync, call your water

Shaken water as you sink
Shaken as you feel, water

Dipped, and enter sonic owe wave
Earth ground line is falling out

Waving the rest of the world, well
Lighted souls, meet my core

Shaken water as you sink
Shaken as you feel, water
Send it from your wave you ray
Show me the wave you bear

09. "光海 - Koukai"

踏み出した 先には
きっとみたことない色の空 広がっているんだよ

Time is melting into the sky 空を飛んで
手をつなごう 君と
溢れ出した 光の海
ずっと続いたらいいな
願っているんだ いつもいつも 実は

この刻 全部覚えていたいから
ひとつひとつ 噛みしめて
さらにうえを舞い 舞えますように 羽を震わせているんだよ

Time is melting into the sky 雲に乗って
手をつなごう 君と
溢れ出した 光の海
ずっと続いたらいいな
願っているんだ いつもいつも 実は

ふたりの隙間から 木漏れ陽が
揺れて 微笑みと舞う
